

HANI NASRI

S t u d e n t

PROFIL

Since my years of study, I have accompanied many techniques and knowledge to develop my help to grasp a task of work. I learned to adapt to each request to offer a fully personalized offer. Today, I want to broaden my horizons and integrate my passion for foreign languages into my career by working for a multinational company appreciated by its consumers and a leader in my sector. Still curious with great adaptability and Ability to organize seminars and meetings internally and externally
